Excursions Price Sheet

A Word about Pricing Tours in Morocco

Our prices are all-inclusive totals for the day. With the exception of payment for transport from Marrakech to Amizmiz (which we don't collect), you will not be asked or expected to pay for anything else while you're with us. You should be weary of comparing us with other tours that quote an extremely low price, therefore. Oftentimes those prices do not include water, morning tea, or lunch. You will probably be taken to an overpriced restaurant that gives a portion of your bill back to the tour guide who brought you there. Your guide might also bring you to one (or several) "recommended" merchants where you'll be encouraged to buy rugs and other goods—again overpriced with a portion returning to the guide. Finally, those tours often do not contribute to the local communities and economy to the same extent as us; see the "About Us" page on our website for more information.
